GREETINGS FROM THE PRESIDENT

To the Students of the
University of Maryland.

Greetings to the new students!

During the year 1933-34 we hope the University of Maryland will make new records that we will be proud of. The students who are entering the University for the first time will have an important part in making these records and in laying the foundation for records in the years to follow.

We believe the new students come with high ideals, and we want to help you to accomplish these ideals. We want you to do well for the sake of your parents and your high school teachers and for your own sake.

Greetings are extended also to the former students who are returning to the University. We feel we can depend upon you to assist the teachers and the administrative staff in maintaining high standards even in a period of depression. Our standards must not be lowered.

I wish it were possible to say something to help defeat an insidious enemy of every one of us; namely, Procrastination. Let us keep our work up to date. Let us remember that the best kind of progress in an educational institution is daily progress, and the one who neglects his work for a period and then redoubles his efforts cannot get as good results as he can from steady application.

Let me commend especially the opportunities for strengthening your religious life while attending the University. The local pastors and other members of the Council on Religious Work will be glad to help you find a place in some religious activity where you can serve.

Sincerely yours,

R. A. PEARSON,
President.

DEAN ADELE STAMP

"M" BOOK GREETINGS FOR 1933

Dear New and Old Students:

This is a brief note to welcome all of you to our campus, the ones of you who are returning and also the ones who are coming to us for the first time.

I hope your life here will be a happy one. You remember the old adage, "All work and no play makes Jack a dull boy," and so I would advise you not to work all the time nor to play all the time; however, to get the most out of your college career you should take part in some extra-curricular activities. Do not try to take part in all. Choose one or two rather than try to spread yourself thin over a large surface. Four years of a well-rounded college life are an asset not to be regarded lightly and give you a preparation for life which is not to be had in any other way.

I am sure the years spent here will be rich and fruitful and ones that will be ever cherished in your memory.

Sincerely yours,

ADELE H. STAMP,

Dean of Women.

HISTORY

Perhaps the best and most graphic illustration of the remarkable progress the University of Maryland has made since its founding in 1807 is found on the College Park campus in the old Mechanical Engineering Building, the first building in the State devoted to the teaching of engineering. Erected in 1895, this building today forms a section only of the Engineering group, which includes a small auditorium, seating 250 persons, with other buildings to house electrical engineering, civil and mechanical engineering, their laboratories and equipment, and with the original building housing only a shop, and a few classrooms. The advances made since its construction in 1895 are commensurate with the progress of the entire University.

The present University of Maryland was, originally, two separate institutions, the University of Maryland, founded in 1807 under the name of the College of Medicine of Maryland, and the Maryland State College, founded in 1856 at College Park as the Maryland Agricultural College.

The College of Medicine of Maryland was first located at Lombard and Greene Streets, in Baltimore, and the building which was erected to house it in 1814-15 is the oldest structure in America devoted to the teaching of medicine.

In 1812, the General Assembly of Maryland authorized the College of Medicine of Maryland to "annex or constitute faculties of divinity, law, and arts and sciences," these to form an institution to be known as the University of Maryland. In 1813, a move was made to establish the "faculty of law," and, in 1823, a school of law was opened. Subsequently, a College of Dentistry, a School of Pharmacy, and a School of Nursing were added. The first-named is the oldest Dental College in the world.

In 1856 was established the Maryland Agricultural College, which later became the Land Grant College of Maryland. It was conducted for a number of years as a private institution, but financial disasters and the general depression which followed the Civil War made it necessary for the College to appeal to the State Legislature in 1866 for assistance. In 1916 a new charter was granted to it as Maryland State College and the State took complete control. An act of the Legislature in 1920 united the old University of Maryland with the Maryland State College, to form the present University of Maryland with branches in Baltimore and College Park.

Five new buildings have been erected within the past three years and two more will be completed by June, 1934. Enrollment since 1912 has jumped from 130 to 2,000.

Increased facilities are likewise noted in Baltimore, with a splendid new $1,500,000 hospital under construction, a new law building opened scarcely a year ago, and a new dentistry and pharmacy building but recently put into use. Enrollment in the Baltimore branch of the University averages about 1,500.

THE UNIVERSITY AND STUDENT ACTIVITIES

Student activities in the University are not actually regulated, but the student organizations are responsible to a faculty committee for any action that might reflect on the institution. This body, the Student Affairs Committee, rules on matters affecting the general welfare of the students and their Alma Mater, subject to the approval of the President.

Eligibility to Represent the University

No student organization can be formed without the consent of the committee. Without such consent and approval no organization which in any way represents the University before the public, or which purports to be a University organization or organization of University students, may use the name of the University in connection with its own name, or in connection with its members as students.

Only students in good standing are eligible to represent the University in extra-curricular contests. No student while on probation may represent the University in such events as athletic contests, glee club concerts, dramatic performances, and debates.

Discipline

In the government of the University, the President and faculty rely chiefly upon the sense of responsibility of the students. The student who pursues his studies diligently, attends classes regularly, lives honorably, and maintains good behavior, meets this responsibility. In the interest of the general welfare of the University, those who fail to maintain these standards are eliminated. Students are under the direct supervision of the University only when on the campus, but they are responsible to the University for their conduct wherever they may be.

RELIGIOUS WORK COUNCIL

The religious work carried on at the University is supervised by the Religious Work Council, of which Dr. Pearson is chairman. The Council is composed of the student pastors, and representatives of all the religious clubs, of the faculty, and of the student body as a whole.

Religious speakers are obtained for special occasions as well as for the regular Sunday evening vesper services. Every student is given the opportunity to worship on the campus, either in a service embodying all faiths, or in a club of his own denomination.

The Council works in close co-operation with the Maryland Christian Association and the Committee on Non-Resident Lecturers.

STUDENT PASTORS

Most of the major religious denominations at Maryland have Student Pastors who minister especially to the students of their denomination. The Student Pastors have an office in the Student Center, where each has his office hours during the week. The Baptist, Episcopalian, Presbyterian, and Lutheran students have denominational clubs which meet regularly during the year.

PARKING REGULATIONS

The Automobile Parking Regulations are for the purpose of protecting the appearance of our campus as well as for personal safety and convenience. These regulations, which have been in operation for the past two years, have been found very beneficial to our campus. EDWARD QUINN

GREETINGS TO THE INCOMING FRESHMEN

I wish to extend the sincere greetings and best wishes of the student body to the incoming Freshmen. We hope that your stay at the University of Maryland will be pleasant and filled with success.

Traditions are growing at our University and possibly the most useful one is the custom of saying "hello." We want to know you and we want you to know us, and we feel that this is an excellent means of accomplishing the ultimate aim.

Personally, I want you all to feel that the Student Government Association is willing to co-operate with you at all times.

Very truly yours,

EDWARD QUINN,

President of Student Government Association.

STUDENT GOVERNMENT ASSOCIATION

Student government at Maryland has attained unusual heights in efficiency and organization during the past year with the University administration adopting a broad and elastic policy in permitting students to practice self-government as far as is practicable. Final jurisdiction is, of course, vested in the President of the University.

The presidency of the Student Government Association is the highest position open to an undergraduate and one of utmost responsibility. The student body is represented on the Student Congress and Executive Council by delegates chosen from every group on the campus, and it is in these two bodies that legislation directly concerned with rules and regulations governing undergraduate life originates. The President of the Student Government Association is chairman of the Executive Council, and the Vice-President of the Student Government Association is chairman of the Student Congress.

Meetings of these organizations are held twice each month or on special occasions at the direction of the President of the S. G. A. Congress meetings are open to the public, but Executive Council sessions are closed.

All student activities under the Association are financed by one of the most complete subsidization plans in university or college circles of the country. The activities fee of $10 paid by each student upon entrance to the University is apportioned between publications, dramatics, debate, opera, and the host of similar functions on a percentage basis, with the result that each undergraduate realizes returns on his investment far in excess of the original fee. Thus, admittance to all dramatic and operatic performances is free, all publications are distributed, without charge, to those who have paid the fee, and similar benefits which might otherwise occasion financial difficulties are obtained without hardship to the student.

HANDLING OF FINANCES OF STUDENT ORGANIZATIONS

In the spring of 1930, the Student Government Association passed a resolution to charge each student a general activities fee of ten dollars ($10.00) per year, which fee included payment of his class dues and subscription to The Diamondback, The Old Line, and The Reveille. In 1931 the Opera Club, the Student Band, and the Footlight Club were added to

this group, and each student receives in return tickets to two performances of the Footlight Club and one performance of the Opera Club. Debate was also added in 1933.

The money received is prorated among the aforementioned organizations, according to a percentage schedule arranged by the Student Government Association. The accounts of these organizations and all of the general student organizations, including The Rossbourg Club, Scabbard and Blade, and the Maryland Christian Association, are grouped in one account and are under the supervision of a Faculty Adviser. At the beginning of each school year, each organization submits a budget for approval, and then writes an order for each expenditure to be made. This is checked against the budget items and, if sufficient funds are available, is approved by the Faculty Adviser. Various firms with which the students deal have been notified that the Student Government Association is not responsible for any contracted debts for which an order has not been issued. Any student or individual contracting debts without an order is personally responsible.

Records, which are always open for inspection, are kept at the Central Office for each organization. Besides, each organization treasurer keeps his own set of books, which serves as a check upon the Central Office. The bills are vouchered, and the accounts are audited by the State Auditor at the end of the year. In the first issue of The Diamondback of the school year, a full statement is issued of all accounts handled by the Central Office during the previous year. A check, which eliminates a great deal of misunderstanding, is also maintained for the students upon the sale of tickets for such functions as those held by Footlight Club, the Opera Club, and the Rossbourg Club.

STUDENT CENTER

The building occupied at present by the Maryland Christian Association and student publications is a forerunner of the Student Union Building which is to be erected before the University building program is many more years old.

The east wing of the Center is occupied by student publications—The Diamondback, The Reveille, and The Old Line. The entrance to these offices faces Calvert Hall

Offices of Edward Quinn, President of the Student Government Association; and of Ralph Williams, Assistant in Student Activities, as well as that of the student pastors and Maryland Christian Association, are located in the center of the building. Access to these rooms may be had through the entrance in the main wing, facing the Library.

Reading and recreation rooms adjoin the offices and are available to all students. The current magazines and books on hand there will assist day students in whiling away a long lunch hour or a leisure moment.

Freshmen, especially, are invited to utilize the facilities offered in the Student Center and to confer on their problems with Mr. Williams.

COMMITTEE ON STUDENT LIFE

A new advisory organization designed to assist and advise student leaders in the conduct of the many undergraduate activities has been formed by President Pearson under the title of the Committee on Student Life. This committee, which is composed of fourteen members of the faculty and Staff of the University, will function as a guiding influence for the student body and endeavor to give to its leaders the benefits of mature reasoning.

As Assistant in Student Activities, Ralph Williams, former President of the Student Government Association here, will carry out

the policies suggested by the committee and bring them directly to the undergraduates, with whom he will be in constant contact.

Members of the committee are as follows: Geary Eppley, chairman; S. S. Steinberg, Charles E. White, LeRoy Mackert, Major Alvan C. Gillem, Dr. Charles B. Hale, Dr. Walter H. E. Jaeger, Ray W. Carpenter, Harold F. Cotterman, William H. Hottel, George F. Pollock, Mrs. Claribel Welsh, Dr. Susan E. Harman, and Miss Hester Walker Beall.

Sigma Circle established at the University of Maryland in 1927

Omicron Delta Kappa is the national honorary leadership fraternity which recognizes men who have attained renown on their campus in the various fields of collegiate activity, such as publications, dramatics, athletics, and the like. Membership is determined by the Omicron Delta Kappa Point System, together with certain qualifications of scholarship, initiative, character, and ability to lead. The pledges of the society are "tapped" each year at special fall and spring ceremonies. Omicron Delta Kappa sponsors the Calvert Cotillon, one of the outstanding events of the winter social season.

STUDENT PUBLICATIONS

Three student-edited and student-written publications—The Diamondback, weekly newspaper; The Reveille, yearbook, and The Old Line, quarterly comic magazine—are produced by University of Maryland undergraduates as official organs of the Student Government Association.

The staffs of each of these publications are composed of students from freshman, sophomore, junior and senior classes, with the editors chosen, except in unusual circumstances, from members of the latter group. These editors are chosen by popular election each spring from a group of candidates selected by the outgoing editors and the Faculty Advisor of Student Publications. Eligibility for positions

is determined by length of service, ability, and freshman and sophomore staff records.

Shortly after registration, a meeting of candidates for Student Publications is held under the supervision of the editors and business managers, and questionnaires are issued to determine the type of publication and department in which the applicants wish to work. No previous experience is necessary to become members of a publications staff.

Scholastic credit has been granted by the University for work on student publications in conjunction with a special course in practical journalism. Freshmen become eligible for the course only after a year's work on one of the staffs.

The Diamondback, weekly newspaper, is published every Monday and contains complete University news and official bulletins with which every student should be familiar. Opportunities are afforded undergraduates to secure much valuable experience in advertising and editorial lines. The Reveille is published in June and contains a complete record of the University work for the year, together with summaries of spring sports results—a feature almost unique in college annuals. The Old Line appears four times each year, with prospects bright for increasing the number of issues until the magazine is established on a monthly basis.

Each undergraduate at Maryland is required to pay a blanket sum of $10.00 on the day of registration. This provides for a year's subscription to the "Diamondback," the weekly published every Monday during the school year; year's subscription to the "Old Line," quarterly, published four times during the school year, and the "Reveille," annual, which is issued about June 1st.

Major officers of the publications for the year 1933-34 are:

The Diamondback

Acting Editor-in-Chief.....William C. Needham
Managing Editor.....Marshall Mathias
Business Manager.....E. Dorrance Kelly
Women's Editor.....Rosalie Grant
Circulation Manager.....Ernest Wooden

The Old Line

Editor-in-Chief.....
Women's Editor.....Lois Belfield
Business Manager.....Earl Edwards

The Reveille

Editor-in-Chief .....Raymond Goodhart
Women's Editor.....Martha Cannon
Business Manager.....Fred White
Supervising Editor of all three publications.....William H. Hottel

All of these publications welcome tryouts for their respective staffs. Any student wishing to affiliate with one of them should consult some member of the staff which he or she wishes to join.

DRAMATICS

Hampered somewhat by mediocre staging facilities, the Footlight Club, principal organization of campus thespians, has produced a number of truly noteworthy plays during the past five years.

Under the tutelage of Dr. Charles B. Hale, talented coach, the Footlighters have staged successfully an average of two plays a year, often presenting a third performance of one-act plays. Among the most recent vehicles were "The Royal Family," "Holiday," "The Dover Road," "Outward Bound," "The Queen's Husband," and "Monsieur Beaucaire." The sole Shakespearean effort of the Club, "Midsummer Night's Dream," was presented by request before the Shakespearean Society of Washington following a successful run on the campus.

Members of the Footlight Club are chosen following tryouts of candidates on the University stage under the supervision of the active members. During 1932-33, of sixty candidates, but seven were admitted to membership.

OPERA

Covering a field naturally untouched by the Footlighters, the Opera Club has made marked progress since its foundation in 1924. Directed by Prof. Louis B. Goodyear, the Club annually offers an outstanding opera which brings to the local stage the best vocal and dramatic talent of the campus.

The 1932-33 production was a re-showing, by popular demand, of "The Mikado," and drew capacity crowds for every performance.

"Ermine," "Yeoman of the Guard," "Camanita," and "The Merryman and His Maid" are among the many which the Club has presented.

Membership in the Opera Club is determined in much the same fashion as in the Footlight Club, with tryouts announced early in the year and open to any student in the University.

DEBATE

Intercollegiate debate at Maryland was given added impetus last year by special legislation passed by the Student Government Association, which subsidized that activity for the first time in the history of local forensics.

The Women's Debating Team last year met such opponents as William and Mary, Mississippi State College for Women, New Jersey College for Women, and Hunter College, of New York.

The Men's Team suffered financially during the season, with but two matches scheduled. Both were lost to the opposition—the University of Florida and the University of Massachusetts.

GREETINGS FROM THE MEN'S PRESIDENT

The Maryland Christian Association extends to the new men a most cordial welcome into our midst. A welcome that will maintain its cordiality throughout the year with your co-operation. This new period known as College Life into which you will enter is one of catastrophic possibilities. A life that has many interests to offer you, not the least of which is vital religion.

The Christian Association and all of its members stand ready to help you, and invite you to join with them in the search for a wider, more liberal education.

Sincerely yours,
HARRY DYER,
President.

. . . . . .

To the Girls of the Class of 1937:

Greetings and best wishes for the happiest and most beneficial years of your life. The change from high school to college is not easy. You probably will not be greeted in the most friendly manner by everyone—sophomores in particular—but when things do not go exactly your way during the first few weeks of your college life, just "buck up" and remember that we have all been through it once.

We want you to feel that Maryland is going to be your home during these coming years, and that what you make of yourselves during this time will have a larger influence upon the molding of your character than perhaps any other factor in your early life.

The Maryland Christian Association invites you to participate in its endeavor to encourage the highest in sportsmanship, leadership, and fellowship.

Sincerely,
EVELYN BRUMBAUGH,
President of Women's Cabinet.

MARYLAND CHRISTIAN ASSOCIATION

The Maryland Christian Association at the University of Maryland is a voluntary fellowship of men and women, both student and faculty, who unite in the endeavor to find the highest values in living and to make them effective in daily life. It was formed in 1930 and its object is to achieve closer fellowship and co-operation, and to promote an all-campus program to meet student and faculty needs.

Each year the cabinet for men and women works out its own statement of purpose and its goals for the year, making a direct effort to meet the specific needs of the campus. Some of the features of its program are Freshman Commissions, Freshman Week Program, Student Sunday, Freshman Discussion Groups, Speakers, Vesper Services, Conferences, Fireside Forums, and Social Events.

Membership

Every student and faculty member who is in sympathy with the purpose of the Association is invited to join, and to unite with the other members in the search for individual and corporate life at its best. The voting membership consists of those who sign the statement of purpose, thus voluntarily declaring their desire and intention of seeking, in close co-operation with all other members, the best possible life. For many in this fellowship the way is most clearly pointed by the life of Jesus.

The affiliate membership is composed of those who take part in any way in the activities of the association. The program is designed to include and to serve all persons in the campus community, and all are invited to participate in such phases of it as they desire.

Student Control

The plans and program are determined and promoted by the two Cabinets, with the ad-

vice and aid of the Advisory Board. Meetings are held monthly.

In all of their work, the Cabinets and Council have the advice and help of the faculty and student pastors.

TRADITIONS

With physical hazing definitely outlawed, the burden of maintaining the traditions of the University rests entirely with the Freshman Class. Many of the customs followed in years past have been discarded, but those that remain are believed the best to which first-year students have heretofore been subjected by force.

Perhaps the one outstanding Maryland tradition, and the one to which most attention has been drawn, is known as the "hello" habit—the habit of speaking cheerfully and respectfully to upperclassmen and visitors to the campus. You as freshmen will be favorably impressed by the friendly attitude which prevails among the undergraduates generally, and the spirit engendered by years of practice will go far toward making you feel "one of the gang" rather than a stranger. This tradition of friendliness is one which should be fostered at all costs.

Regulations governing the organization of the freshman class, together with a list of the traditions which have been continued and which must be observed by all first-year students, will be found in Article V of the By-Laws of the Student Government Association Constitution. It is advisable that you familiarize yourself with the contents of this Article immediately

Each year a Sophomore-Freshman Struggle is held on the lower campus to determine whether or not freshmen will continue to wear caps; the numerals of the winning class are inscribed on the base of the Terrapin Memorial in front of the Ritchie Coliseum, a bronze replica of a diamondback terrapin which was presented to the University last year as a joint gift of the Class of 1933 and the Student Government Association.

WOMEN'S TRADITIONS

It is the wish of the women of the University of Maryland to help their incoming classmates to become acclimated to college life. For this purpose each one of the new students is adopted by an upperclassman as a "little sister." When she arrives on the campus, she is greeted by her "big sister," who is ready to advise her about "the ropes." "Little sisters" are assigned by the Y. W. C. A.

Alpha Lambda Delta is the only freshman women's honor fraternity on the campus. It was founded at the University of Illinois in 1924, and the chapter at Maryland was established in 1932. Freshmen women with an average of 3.5 or over are eligible.

"Rabbit rules" are supposed to have been abolished, but there are still certain "rules" that the Freshmen have to obey that have been made by the Sophomore Class.

Women who excel in scholarship, leadership, citizenship and Christian character are eligible for the Women's Senior Honor Society in their Senior Year. On Baccalaureate Sunday, the outgoing members select the new organization from the Junior Class.

The Junior Class holds May Day each year in honor of the Senior Class, out of which they select by ballot the Queen of the May and her four maids.

The Women's Student Government Association sends each year a delegate to the national convention.

The Women's Executive Council holds an annual picnic at the end of the year.

To receive an award for athletics, the girl must be an active member of the Women's Athletic Association.

ADVICE TO FRESHMEN

Probably the best advice that we can give to you as members of the Class of '37 is to tell you that it is up to you to find out what the University is going to mean to you, and what part you, collectively and individually, are going to play in the development of the University.

However, the following suggestions may help you in your own orientation:

Do not forget that you are a Marylander now. Your high school records of trophies will not build your reputation here.

Learn all of the school songs and yells. If the school spirit is not as good as you would like, remember that it never will be unless you keep up your enthusiasm for the next four years.

Wear your Frosh Caps and name tags. They will actually be an aid in cementing your class together and in introducing you to the student body.

Win the Freshman-Sophomore Contest; get your numerals on the Terrapin Memorial.

Start to work on your studies as soon as the gun goes off. The easiest subjects usually prove the hardest at examination time.

Divide your time wisely between studies, athletics, and extra-curricular activities. Too much time spent on any one will prove disastrous.

Attend all meetings of your class.

Be sure to speak to everyone you meet on the campus. The Class of '36 was the first class that did not do its share in maintaining this tradition. Show them up!

Do not crib. Even if you are lucky enough not to be expelled from school, the value of your education immediately ceases.

CONCERNING FRATERNITIES

The aim and dream of many a freshman is to attain membership in a great collegiate fraternity. To many, this dream means luxury of living, a sense of superiority, a good time among "brothers," and a shining pin to show the home folks.

A fraternity or sorority should mean much more. It should mean closer companionship with other men or women with similar ideals who are pledged to raise the moral, educational, and social standards of the group.

In a few weeks, many of you will have the opportunity to join one of these lodges. The opportunities for you to benefit from these affiliations are numerous, but please keep in mind:

That your decision will probably have more effect on your future life than any you have ever made in the past.

That you are not an outcast if you do not receive the bid you wish, or any bid—you may be too intelligent instead of too backward to interest that particular organization.

That many of the potentially fine men have been completely buried in their fraternities.

That men in other fraternities may be worth cultivating or keeping as intimate friends. Some of your best friends in the Freshman Class will not be in your fraternity. Do not lose them.

That you are entitled to know the financial set-up of any fraternity that rushes you.

That it is neither any credit to you nor to a fraternity to obligate yourself before the official pledge day.

And that your success or failure does not rely on whether you make a fraternity or not, but on the initiative and perseverence you show in either situation. Some men are actually made by fraternal affiliation; others submerged or ruined. Choose your course carefully, remembering that after pledge day your battle to prove your real worth is only starting.

Senate Resolution Affecting Fraternities, 1934-1935

The following motion was made and passed unanimously:

"Because it seems that formal notification of the action regarding fraternity and sorority pledging and initiation was not given to fraternities and sororities, the Senate will postpone the operation of the new rules* for one year, and in the meantime will consider any joint recommendation from the Student Affairs Committee, the Interfraternity Council, and the Panhellenic Council, submitted on or before January 1, 1934.

"The Senate hereby directs that a copy of this action be sent by the Secretary to all fraternities and sororities, both national and local, to be posted on their bulletin boards; that it be posted on the bulletin boards of the University, and published in the Diamondback."

---

* The regulation above referred to reads as follows: "There shall be no definite rushing season and students may be pledged at any time; but no student shall be initiated until he or she shall have passed one full semester's work without condition or failure."

ROSSBOURG CLUB

The Rossbourg Club, founded in 1891, is Maryland's oldest and most prominent social organization. Its primary function is to give a number of informal dances, free to members. During the past few years it has shown very rapid growth, due principally to the fact that it has given the most successful dances Maryland has ever known. Membership in the Rossbourg Club last year totalled over two hundred and promises to be even larger this year.

INTERCOLLEGIATE SPORTS AT THE UNIVERSITY OF MARYLAND

The University of Maryland's position in intercollegiate athletics is unique. It has a reputation for clean athletics, yet has good teams. It has met opponents from the Mississippi to the Atlantic and from Harvard to the University of Florida, yet has no "break" or quarrel with any other institution. It is on good terms with all. To win is not the chief aim, but to develop men. It is the policy of the University to stress the educational values in its sports.

Yet, notwithstanding this attitude, which precludes the possibility of overemphasis of its sports, the University has had some notable achievements in the various fields of competition. For instance, in the last few years, in football, it has defeated Yale twice, defeated Syracuse, Pennsylvania, Navy, Washington and Lee, Virginia, V. P. I. and V. M. I., North Carolina and others of its opponents.

In baseball it has won victories at one time or another over practically every other big school in the East and South. Its basketball team has not only defeated Pennsylvania, Princeton, Lafayette, Navy, and others, but two years ago won the Southern Conference championship.

The lacrosse team has been consistently among the two or three strongest in the United States. In boxing, track athletics, and rifle shooting it also has enjoyed its share of success. In track, for instance, the mile relay team in one season defeated Harvard, Yale, Pennsylvania, Dartmouth, Columbia, Penn State and several other schools.

Maryland always plays difficult schedules in all sports, and boys who enter the University are assured of the opportunity to try for teams which will be in competition with the highest type of opponents.

This coming fall, the football team not only meets Virginia and many of the larger schools in this immediate section, but also takes trips to New Orleans to play Tulane University and to Florida to play the University of Florida.

In basketball the University of Michigan and the University of Indiana are to be played at College Park, while other games will be with North Carolina, Virginia, Washington and Lee, Navy and other schools of the type of these.

The boxing team has matches listed, among others, with Penn State, Rutgers, Washington and Lee, V. M. I. and Duke University. It is also scheduled to make a trip to West Point to meet the Army.

The lacrosse team, besides its annual games with Navy and Hopkins, will play Dartmouth and Yale, both being scheduled at College Park.

The baseball team will have among its opponents Penn State, Cornell, Virginia, North Carolina and practically all of the other schools in this section that maintain teams in this sport.

A dual meet with Navy and the Southern Conference Championships will be features of the track schedule.

In addition to its general program, the University schedules in the spring a Field Day to which it invites all of the high schools and prep schools in the State and the surrounding States to send athletes. About 500 high school athletes took part in this field day meet last spring. Next year the University teams, in the Spring Field Day program, will meet Penn State in lacrosse, West Virginia in baseball, and Hopkins in tennis, with its opponent in track yet to be determined.

Something of the opportunities for participation in intercollegiate athletics at the University of Maryland is shown in the fact that last year approximately 300 students were members of the various squads.

INTRAMURALS

Through the execution of the various details outlined by C. LeRoy Mackert, the Intramural Department has attained prodigious success. The ultimate aim is to reach out into the groups of students who are unable to participate in the intercollegiate sports. This system affords more students the opportunity of playing the games they like without being "out of their class," so to speak. The Intramural Sports Athletic Committee is organized much upon the lines of the Athletic Board, with the intention of building up the Varsity teams from the leaders and winners of the Intramural contests.

Among the sports offered are boxing, touch football, soccer, tennis, quoits, horseshoes, handball, ping-pong, fall and spring track, volley ball and baseball.

Managers of each sport are selected from the students of Physical Education. At the end of the year a banquet is given for these managers by the department, upon which occasion awards are made to those who have contributed their services.

WOMEN'S ATHLETIC ASSOCIATION

Installation of the new point system and the new method of management of the various sports mark the outstanding achievements of the Women's Athletic Association during the past year.

Under the new point system a coed must be an active member of the Women's Athletic Association to be eligible to receive any award. The only award which a freshman can obtain is her numerals, for which she must have thirty-five points. After her freshman year, any member earning fifty points may receive her letter. A letter winner earning fifty additional points may get a blazer. Such a coed, making another fifty points, is awarded a small "M" by the "M" Club. Before either of the last two awards are given, the candidate must be passed upon by the members of the "M" Club and the Executive Council of the Women's Athletic Association.

Hockey, basketball, volleyball, baseball, and soccer are the major sports. Two extra points are earned by each member of a winning team.

For each sport, two representatives are chosen from each sorority house and two from each dormitory to take both technical and practical examinations. The coed receiving the highest mark becomes manager with the runner-up as her assistant. One woman can be manager or assistant manager of only two sports. For both positions ten points are given. An extra five points is given if the coed participates in the sport.

Officers of the Association this year are Elizabeth Leffel, president; Kathleen Hannigan, vice-president; June Barnsley, secretary; Felice Jacobs, recorder of points.

ALMA MATER

(Maryland! My Maryland!)

Thy sons and daughters throng thy door,
Maryland! My Maryland!
Maryland! oh Maryland!
Their hearts and hopes they bring to thee,
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore
Maryland University!

Go forth, brave youth, throughout the state:
Maryland! My Maryland!
And by your actions, show her great:
Maryland! Our Maryland!
Thy Alma Mater's name and fame,
Oh keep alive her holy flame,
Until all hearts as one exclaim,
Maryland! My Maryland!

Cheer, three times cheer, and one cheer more
For Maryland! Dear Maryland!
Send forth that cry from hill to shore:—
Maryland University!
Fair Mother of our brightest dreams,
Blest giver of life's precious things,
To thee each heart its service brings:—
Maryland! My Maryland!

MY MARYLAND

The despot's heel is on thy shore,
Maryland! My Maryland!
His torch is at thy temple door,
Maryland! My Maryland!
Avenge the patriotic gore,
That flecked the streets of Baltimore,
And be the battle queen of yore,
Maryland! My Maryland!

Thou wilt not cower in the dust,
Maryland! My Maryland!
Thy gleaming sword shall never rust,
Maryland! My Maryland!
Remember Carroll's sacred trust,
Remember Howard's war-like thrust,
And all the slumb'rers with the just,
Maryland! My Maryland!

Maryland

In the very heart of Maryland,
In the heart of every Maryland man,
There's a spirit so endearing
It will win your heart and hand.
For she doth hold sway,
She will win the day,
And her glorious men will ever win the fray.

Chorus

Then it's Hurrah! Hurrah! for Maryland.
Then's it Hurrah! Hurrah for U. of M.
With her banners ever streaming high,
She will always win or die.
Never forget the glories of the past,
Carry on triumphant to the last,
For we love, we love Old Maryland,
Hurrah! Hurrah! Hurrah!

U. of M.

(Tune, Caisson Song)

U. of M., U. of M.,
Keep the ball away from them,
Keep that pigskin a-rolling along!
Up the field, down the field,
Not an inch of ground we'll yield,
Keep that pigskin a-rolling along!
Then it's Whiff! Wham! Whack!
Hear that Maryland quarterback
Shout out his signals loud and strong!
Where'er you go, you will always know
That the pigskin is rolling along,
(Shouted) Maryland! Maryland!
Keep that pigskin a-rolling along!

Sons of Maryland

(Tune, Sons of America)

Sons of the Gold,
Sons of the Black,
Fight, No spirit lack.
Your Alma Mater
Needs you today.
To help win the fray.
Shoulder to shoulder,
Back to back,
We'll fight together
For the Gold and Black.
Fair Sons and Daughters
Of Maryland,
Upon you all vict'ries stand.

Chorus

Sons of Maryland,
Old Maryland needs you!
Stand by your colors, boys,
And to them e'er be true!
Fight for old Maryland,
Old Liners! Stand,
Defenders of the Black and Gold
Throughout this land.
Team! Team! Team!

Warriors of U. of M.
Our honor they'll uphold,
On toward the goal they're marching.
It will not take them long,
So, let's give a cheer,
For the men we hold dear,
And sing to them our Victory Song.

Chorus

Maryland, we're all behind you;
Wave high the Black and Gold,
For there is nothing half so glorious
As to see our men victorious;
We's got the team, boys,
We've got the steam, boys,
So keep on fighting, don't give in!
(Shout) M-A-R-Y-L-A-N-D!
(Sing) Maryland will win!

All Hail! to Our Maryland

Let us sing to Alma Mater
University of Maryland,
Let us deck her o'er with glory,
With triumph and honor, hand in hand:

University of Maryland.
The college so dear to our hearts,
We'll cheer for the teams which are all so great,
Its praises ring, from State to State;
Along the well-worn trail of victory
Maryland will follow on and on,
And the colors in the lead,
Will be Black and Gold, indeed,
All Hail! to Our Maryland.
